

When to go to Delano Urgent Care?

When you have a problem, do not wait too long to get medical care. If your problem is not life threatening or risking disability, but you are concerned and you cannot see your provider soon enough, go to **Delano Urgent Care**.

The kinds of problems Delano Urgent Care can deal with:

- Common illnesses
- Colds and the flu
- Earaches
- Sore throats
- Migraines
- Low-grade fevers
- Limited rashes

and Minor injuries, such as:

- Sprains
- Back pain
- Minor cuts and burns
- Minor broken bones
- Minor eye injuries

Signs of an Emergency

How quickly do you need care? If a person or unborn baby could die or be permanently disabled, it is an emergency.

Call 911 to have the emergency team come to you right away if you cannot wait, such as for:

- Choking
- Stopped breathing
- Head injury with passing out, fainting, or confusion
- Injury to neck or spine, especially if there is loss of feeling or inability to move
- Electric shock or lightning strike
- Severe burn
- Severe chest pain or pressure
- Seizure that lasted 3 to 5 minutes

Go to the Emergency Department at DRMC or call 911 for help for problems such as:

- Trouble breathing
- Passing out, fainting
- Pain in the arm or jaw
- Unusual or bad headache, especially if it started suddenly
- Suddenly not able to speak, see, walk, or move
- Suddenly weak or drooping on one side of the body
- Dizziness or weakness that does not go away
- Inhaled smoke or poisonous fumes
- Sudden confusion
- Heavy bleeding
- Possible broken bone, loss of movement, especially if the bone is pushing through the skin
- Deep wound
- Serious burn
- Coughing or throwing up blood
- Severe pain anywhere on the body
- Severe allergic reaction with trouble breathing, swelling, hives
- High fever with headache and stiff neck
- High fever that does not get better with medicine
- Throwing up or loose stools that does not stop
- Poisoning or overdose of drug or alcohol
- Suicidal thoughts
- Seizures

When should I go to my Regular Doctor?

If you are sick, but it is not life threatening, call your doctor and ask for an appointment. For example, you might have a:

- Sore throat
- Ear infection
- Bad cough

When should I go to Delano Urgent Care?

Contact the **Delano Urgent Care** if your doctor's office is closed and your injury is not life threatening but you need urgent care.

When should I go to the Emergency Department at Delano Regional Medical Center?

If you need care right away because you think your health is **IN SERIOUS DANGER CALL 9-1-1** or go to the emergency department at **Delano Regional Medical Center**. The Emergency Department treats illnesses or injuries that are life threatening or are serious if not treated right away.

For example:

- Broken Bones
- Chest Pain
- Severe Burns and Cuts
