

10) *Provide a copy of all communications between CCF board members and committee members and/or anyone else regarding the proposed transaction.*

Mr. Noble requested each board member to send copies of any and all communications between them and any other person regarding the proposed transaction. Each advised him that they had no such communications.

Mr. Noble advises that he has a very large number of emails to various people related to this transaction (estimated at 490, with approximately 150 with attachments). In a telephone conversation on March 12, 2019, you agreed to limit this request to emails between Mr. Noble and any person at Dignity Health or Adventist Health, as well as any emails to or from Mr. Noble in which the selection of Dignity Health or Adventist Health as the affiliation partner was discussed. Mr. Noble advises that he has no emails to or other recorded communication with anyone at Dignity Health or Adventist Health, inasmuch as, by agreement with Kaufman Hall and Associates (“KH”), all communications between or among CCF representatives and either DH representatives or AH representatives were to be routed through KH. Mr. Noble also advises that he has no emails or other recorded communications with anyone concerning the selection of either Adventist Health or Dignity Health as the preferred affiliation partner, other than minutes of the CCF board meetings held July 18 and September 19, 2018, as all such communications were made in the course of conversations for which no minutes or other recordings made.
