

14) *In Tab 2(C) of the written notice, it states that only two entities were contacted as possible entities for an affiliation. However, in Tab 11(C), it states that there were three parties that responded to the Request for Proposal. Explain this inconsistency. Provide a copy of the Request for Proposal and a list of who received the Request for Proposal.*

Tab 2(C) states that only two entities were contacted as possible entities for an affiliation –namely Adventist Health and Dignity Health. We are not seeing anything in Tab 11(C) that refers to three parties responding to the Request for Proposal. Tab 11(C) merely refers to the documents found at Tabs (2)(D) – 1, (2)(D) – 2, (2)(D) – 3 and (2)(D) – 4, which, respectively, are the requests for indications of interest sent by Kaufman Hall and Associates to Dignity Health and Adventist Health, both dated March 5, 2018, and the responses received from Dignity Health and Adventist Health, both dated April 18, 2018. Accordingly, copies of the requests can be found at Tabs (2)(D) – 1 and (2)(D) – 2 of the original notice, and we confirm that only Dignity Health and Adventist Health received any such requests.
